Deputy Chief, Legislation Division  
Office of Legislative Liaison

SUBJECT: HPSCI Markup of H.R. 5164

1. The full House Permanent Select Committee on Intelligence (HPSCI) met this morning and unanimously approved H.R. 5164. Prior to doing so, a motion was made to consider several technical amendments to the bill en bloc and this motion carried without objection. These technical amendments are attached for your information. The unanimous approval of H.R. 5164 was approval of the bill with these technical amendments. All the Members of the full Committee were present except Representatives Mineta (D.,CA) and Young (R.,FL).

2. A hearing has been tentatively scheduled on the bill for 26 April in the House Government Operations Subcommittee on Government Information, Justice, and Agriculture, chaired by Representative Glenn English (D.,OK). Subcommittee staff hope to have the bill reported out of the Subcommittee in time for it to be considered at the next full Government Operations Committee meeting, which is now scheduled to be held on 8 May. There appears to be agreement between HPSCI and Government Operations that once the bill is reported out of Government Operations the bill should be brought up for House consideration under suspension of the rules.
